

Omni-Directional Whip Antenna

N-Male Connector

BOLTON | 
TECHNICAL

BT151632

The perfect partner for your cell phone signal booster. This simple whip antenna will replace or upgrade the antenna that comes with your booster. Get up to 2.1 dBi gain for better reception wherever your booster is installed.

- Omni-directional whip antenna
- Adjustable right-angle antenna connects directly to booster
- 2.1dB Gain
- N-Male connector
- 50 Ohm
- Wide band 2G, 3G, 4G LTE (698 - 2155 MHz)

ELECTRICAL STUFF

Product Specifications may change without prior notice.

Item No.	BT151632	
Frequency Range	MHz	698 - 787 824 - 896 1710 - 2155
Gain	dBi	2±1dB
Input Impedance	ohm	50
VSWR		2.0
Bandwidth (MHz)	89/72/445	
Power Rating	Watts	10
Radiation	Omni-Directional	
Polarization Type	Vertical	

MECHANICAL STUFF

Connector Type	N-Male	
Antenna Base	ABS	
Antenna Length	in	9.25
Antenna Weight	34.86 grams	1.23 oz
Operating Temperature	-22°F to +167°F	
Ground Plane	Built-in Ground Plane
